Customer Report

api issue

Root Cause Analysis

CONFIDENCE SCORE	80%	☐ HIGH
The issue is likely related to the 'api.js' file, which was recently modified in commit 'ae79f57' with the message 'Add initial api.js file with issue placeholder'. This suggests that the API issue might be a result of this change.		

Immediate Actions

1	Step 1: Review the 'api.js' file and the commit 'ae79f57' to understand the changes made.
2	Step 2: Test the API with the previous version of 'api.js' to see if the issue persists.
3	Step 3: Investigate other recent changes, such as the 'auth.js' modification in commit '1450661', to rule out any potential interactions.
